Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CAR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel, claims 17-18, 21-25 and 28-29.

Reasons for Allowance

Applicants' response to the last Office Action, filed on August 13, 2004 has been entered and made of record.

Examiner declines to rejoin the withdrawn the claims because independent claims 17 and 28 that deal with contour pixels (another issue), even if considering amended portion, do not recite "all limitations of the allowed patentable product", such as "separation foreground region with background portions of the image and combine the foreground region with background region from a new image". Thus, the request of rejoinder is denied. The withdrawn claims are cancelled by Examiner Amendment in order to place the rest claims in the condition of allowance.

The following is an examiner's statement of reasons for allowance:

Independent claim 1 are allowable over the prior art of record. Claims 2-9 and 12-16, depend from claim 1, therefore, are allowed.

Independent claim1 recites the limitations of : determines an edge orientation via a gradient applied to the image to produce a resultant gradient vector perpendicular to the edge orientation, and determines gradient magnitudes along the resultant gradient vector in order to determine the subpixel offset. The combination of these features as cited in the claims in combination with the other limitations of the claims, are neither disclosed nor suggested by the prior art of record.

The closest references of US 6525741 to Klassen et al. discloses how to determine a foreground value F and a opacity value. However, he does not teach the limitations of cited above.

In view of the amended claims, the rejections to claims 1-9, and 12-16 are expressly withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
